

## **Lennar's Hewitts Landing Luxury Townhome Community Opens With Seven Homes Sold In Only Two Weeks**

*Experience The Lifestyle Of A Lifetime At Lennar's Debut Development In New England*

**Nov. 4, 2009** - [PRLog](#) -- BOSTON, MA. – Lennar, one of the nation's leading homebuilders, has set the stage for luxury residential living in Hingham, Massachusetts with Hewitts Landing. Lennar's new waterfront community within the Hingham Shipyard is now officially open for sale and the homebuilder is pleased to announce an overwhelming response with seven homes sold in just two weeks.

Hewitts Landing is directly situated on Hewitts Cove, part of a maritime village that is nestled along the southern coast just a ferry ride away from the Boston Harbor.

"This is Lennar's debut development in New England," said Gerry-Lynn Darcy, Manager of Sales and Marketing for Lennar's Northeast Urban Division. "We are thrilled with the interest we are receiving. Our attractive pre-construction pricing, endless amenities and convenience are driving eager buyers into our Welcome Home Center."

Hewitts Landing is located in Hingham, an area with a long and distinguished history as one of the most beautiful coastal towns in all of New England. The character and charm that differentiates Hingham from all other areas is reflected in the Hewitts Landing community.

The Hingham Shipyard is rich in a history that dates back to the 1940's when Bethlehem Steel mobilized this small New England town into one of the largest shipbuilding centers in the country. To commemorate the significant events that took place at this site during World War II historical panels with information and imagery are being erected to create a walking tour along the waterfront.

This special location provides immediate access to a waterfront retail village with a movie theater, public greens and a historic harbor walk. Additionally, the historic downtown with its charming shoppes and renowned bistros is only a half-mile away providing a perfect back-drop to an extraordinary community.

Hewitts Landing offers prospective buyers incredible benefits and a location that cannot be surpassed by any other residential project currently being planned. Direct water access with spectacular oceanfront views and entry to some of the most beautiful conservation areas on the South Shore, including Bouve to the south and Stodder's Neck and Abigail Adams Park to the north offer homeowners a unique and exciting lifestyle.

Pricing for Hewitts Landing's two and three-story townhomes start in the upper \$500s. Stylish and elegant upgraded features in each home include crown molding, hardwood floors, gas fireplaces, stainless steel appliances, luxurious master suites and two-car attached garages.

The first phase of Hewitts Landing will be ready for occupancy in the Spring/Summer 2010.

From the dazzling Boston Harbor and scenic Hingham coastline, to the famed New Jersey Gold Coast and Hudson River, Lennar Urban's Northeast Division is introducing a new collection of sophisticated residences that masterfully combines stunning architecture, cutting-edge design and five-star amenities with the excitement and sophistication of urban living.

Guests interested in visiting The Hewitts Landing Welcome Home Center, should call 781.740.0860 or visit <http://www.hewittslanding.com>.
