Why Hire A Ticket Attorney?

People's motivations for hiring lawyers in Class C Misdemeanor cases include, among other things:

- * having warrants they need lifted
- * needing a lot of time to pay
- * being intimidated by the system because of language or past experiences
- * being too annoyed by the process to go through it
- * holding a Commerical Drivers License
- * being too busy to handle it themselves
- * not wanting to miss work time
- * considering it so important that their violations don't go on their record that it is worth the low fee.

If these or some other reasons apply to you, I can help!
