**Dec. 2, 2009** - [PRLog](#) -- Star tattoo designs are also popular to be tattooed on different parts of body according to your taste. I've seen star tattoo designs on all different body parts like neck, face, chest, arm, rib cage, lower belly, ankle, foot and most popular one is on wrist or forearm. You can also design your own star, it is not necessary have any meaning, it can be just special for you.

### Shooting Star

As shooting star is visible for a short while, so Shooting star tattoo symbolizes a short moment in your life that made a lasting impact, this can be connected to a short romance, a special event, a person, or some event which changed your life totally. Shooting star tattoo can be associated with anybody as everybody has such an unforgettable moment which had a deep meaning to their life.

### Nautical stars

Since ancient times sailors have used stars to navigate directions, and usually took help of North Star to find the direction before the modern navigational technology. They often had a nautical star tattoos to remember that the stars will keep them safe and guide them to the right direction. They used to believe that nautical star is a symbol of guidance and protection. Some also believe that it helps you to do whatever you want to, and help you create your own destiny.

### Moon stars

Moon stars tattoos like their name suggests are combination of moon and star tattoos, which represent the sky at night. Moon star tattoo does not have any symbolic meaning attached to it but simply a beautiful design especially if you add more fairy look or tribal style to it.

### Pentagram

Pentagram tattoo is a five point star tattoo which has been used by many religious and spiritual practices since ages. The pentagram symbolizes a protection against all evil and is one of the oldest symbols in the world. It also represent 5 element on earth which is light, air, wind, fire and water which all are part of our lives.

Whichever Star tattoo designs that you want to get, think about what is really meaningful to you inside because the tattoos will stay with you for a long time.
