

Lightbox Imaging Helps Set Hollywood on Fire!

Lightbox Imaging Retouches Photos for Hollywood stunt performer

Dec. 14, 2009 - [PRLog](#) -- For over 15 years Lightbox Imaging's owner and photographer, Chris Staley, has provided commercial photographs and photographic retouching services that stand out from the rest. Lightbox Imaging delivers professional high-impact affordable images every time. Visit our website at <http://www.lightbox-imaging.com> for more information.

Recently, Chris had the opportunity to let his talents blaze west while providing photographic services for a professional stunt performer in Hollywood! Chris retouched photos of Professional Stunt Performer Eric Linden performing a fire burn. By using photo retouching on photos provided by Action Factory, LLC, Chris created clean crisp photos to be used on the Action Factory website's Fire Setups slideshow, <http://www.AFstunts.com>. Chris did not add any effects to the practical fire.

The below photos show you before and after retouching was completed. You can clearly see the quality work that Lightbox Imaging always provides.

Eric Linden has performed a long list of professional stunts for TV, Web, and Film including:

- ? Action Factory, LLC Website Video on Fire Setups
- ? NCIS: Los Angeles DBL Chris O'Donnell
- ? LOST - The Incident: Part 2 Fire Specialist
- ? Flash Forward - ABC Fire Burn
- ? The Last Airbender <http://www.thelastairbender.com>

His full resume and credentials can be found at <http://www.EricLinden.com> You can also view a video of the fire burn on YouTube

###

Commercial Photographer offering photographic services including photo retouching and illustration. From fashion to industrial on site or in studio with full kitchen and stylists available.
