Dec. 15, 2009 - [PRLog](#) -- Fashion Trade Show, Z Global Mart Welcomes designer Michelle Kim and her line Mk2k, visit booth 114 and buy Mk2k wholesale.

MK2K Designer Michelle Kim couldn't find the sweater she wanted - something clean and simple and made with high quality fabrics. So she put her design skills to work and debuted her knitwear line, MK2K, in 2006 at the Intermezzo Show in NY. Focusing on basic, seasonless looks, Michelle Kim has created a line of knits that can be worn year-round, either on their own or layered. Comfy, classic, and wonderfully versatile, this is a collection that will never be retired from your wardrobe.

We at Z Global Mart are very excited to have such a prestigious designer join us as we help build booths for numerous designers.

Introducing Z Global Mart for Apparel Exhibitors

Our goal is to become the premiere On Line International Fashion Trade Show and hereby extend our invitation to the Exhibitors who exhibited with their booth at major trade shows. We went live on September 2, 2009 and are in the process of populating the site with design exhibitors and sourcing exhibitors, we expect to have in place around 100 exhibitors within the next 30 days or so. We've been interviewed by a reporter from Senken Newspaper, the largest fashion daily paper in Japan, and the big article was published on 11/16/09. We're in the process of reaching an agreement with PTEA (Pakistan Textile Exporters Association) that does around \$400 billion a year to bring their sourcing members to our site. We also just reached an accord with MUDPIE the famous Fashion Trends Company from London to exchange links, banners and cross promote one another. Mudpie, our exclusive fashion trends partner will shortly have a trends page on our site.

We all know that physical trade shows are important and are here to stay, however the costs are very high, the number of shows are too many, the cost of disruption to your business due to travel and time is high, and in these difficult times its very important to control costs which is why today's entrepreneurs have to cut back on the number of shows they attend and use other avenues to maximize return on investment with a global reach. Its time for Z Global Mart your new international partner.

Please take a look at our site, it has two parts, the flash side that tells you who we are and what we've created for you, then once you take the tour (its free) you can see the ecommerce side with the exhibitor booths and all their features as outlined below, just go to <http://www.zglobalmart.com>
