Once it asks for the authentication code, paste the authentication code as 291354763.

This is my guarantee... there is no other GMAT trainer in Bangalore who has a 99th percentile score on the real GMAT.

So if some other GMAT-Prep institute claims that its faculty members have scored high on the GMAT, please contest such a claim tooth and nail.

Insist upon an official link with an authentication code. I can guarantee that no faculty member anywhere else has taken the GMAT even once, let alone have scored in the 99th percentile.

The philosophy behind Ivy-GMAT is simple - "to help students nurture their Global MBA dreams by providing the best-in-class Faculty, Instruction, Materials, Guidance, Counseling, and hand-holding - at the cheapest possible price."

In other words, you cannot find better GMAT Training anywhere else in the country.
