

## Steel Storage Tank Design, Overhead Water Tank Design at Low Cost

*Our portfolio of steel tank design services include Chemical & Petroleum storage tanks, Shop fabricated atmospheric tanks, Pressure vessels, Field erected water tanks and Specialty fabricated products. Complete Design assistance at affordable rates!*

**Jan. 20, 2010** - [PRLog](#) -- Offering cost-effective structural design services for overhead water tank and steel storage tank design requirements!

For last 5 years Outsourcing Steel Detailing firm has established itself as a multi-discipline structural design company, undertaking simple to complex design and detailing projects. We employ toughness-based design approach with safety benefits and reduced shell plate thickness requirements that result in a lower overall tank weight and possible costs savings.

**Save 60%** on water tank design and shop fabrication related requirements today!

Our portfolio of steel tank design services include

- Chemical & Petroleum storage tanks
- Shop fabricated atmospheric tanks
- Heat exchangers
- Pressure vessels
- Field erected water tanks
- Specialty fabricated products

You can rely on us as your partner throughout the design and construction process. OSTD is one of the most sought after firms in the market when it comes to steel water tank design and fabrication. We have a team of skilled drafters that enable us to **design and detail a steel storage tank with a quicker turnaround.**

Some of the industry segments we serve:

- > Homes and Residential buildings
- > Commercial structures
- > Industrial plants
- > Hospital & Institutional buildings

Using the latest CAD techniques such as AutoCAD and Revit, each member is drawn in real time to provide accurate models for the proposed steel water tank. All shop drawings, field bolt list and material lists are generated automatically from within the 3D models.

Should you have any queries or need more information on water tank design, please feel free to contact us. Our representatives are happy to help and will provide you free custom quote within a working day.
