How to get back my girlfriend, without pushing her away, tells you how to go about a breakup to boost your chances of winning her back, and how to avoid letting your panic and anxiety trick you in to bad behaviors so you lose her forever!

May 19, 2010 - [PRLog](#) -- Females love mystery, self-confidence, and men with a positive view on life! If you are still in touch with your ex girlfriend, begging, pleading, crying and trying to convince her to give your relationship another chance- you are doing it all wrong! You have to stop this behavior instantly! This will damage your likelihood to reunite and get back your ex girlfriend!

Chances are you feel like you're dying inside right now, and that the very last thing you'd want to do is to put a huge smile on your face, and act as if everything is going great! No matter what you do don't try manipulating her by using guilt and other bad tactics in this time of hopelessness trying to influence her to come home! These types of techniques never work, and if you keep doing this you will never be able to patch up the problems that lead to your breakup and get her back!

What you need to do right now is to leave your pride and ego at the door and accept the direction of your relationship. For the most time a breakup is a serious warning from your girlfriend that something in the relationship is utterly wrong, and that changes need to be made immediately to win her back.

Give yourself, your ex, and the relationship a little breathing space! It is vital that you value her judgment and the breakup, and give your girlfriend some time. Appreciate the fact that no breakup is final, but it can be if you go about it the wrong way, and spoil it with your post breakup behavior.

Make good use of the time apart to consider the relationship and what went wrong! In most instances your ex girlfriend won't give you the true nature of the breakup. Chances are, even your ex girlfriend don't really know what went wrong. You need to dig down deep and examine yourself and the relationship! Believe me, you have every chance in the world to get her back, if you only play your cards right!
