

Basement Waterproofing Company Featured on "Drill Team" Home Improvement Show

Waterproofing Company Featured on A&E's show "Drill Team."

July 19, 2010 - [PRLog](#) -- Erdenheim, PA – Area Waterproofing Company to be Featured on A&E's "Drill Team" Home Improvement Show

BQ Basement Systems will be featured on the A&E Network's home improvement show, "Drill Team." The episode airs on the A&E network Saturday, July 24th at 12 pm Eastern Standard Time.

This episode features a home basement the homeowners wanted finished. Because of a chronic basement seepage problem, simply finishing the basement with drywall did not make sense to do.

BQ Basement Systems owner Brian Quinn, stepped in and offered his team's basement waterproofing services. His waterproofing contractors installed a full perimeter WaterGuard® basement drainage system in one day, so the basement could be finished without threat of water damage.

"Drill Team" showcases the restoration of damaged homes in dire need of repair. The show's dedicated team completely refurbishes the space under a tight deadline, while the program brings viewers through the entire construction process, and then shows off the home's new design.

BQ Basement Systems is a basement waterproofing and crawl space repair company that's an A+ rated member of the Better Business Bureau and a trusted business that is involved in their community.

They have honed their waterproofing skills employing only the best waterproofing technicians who are trained and certified exclusively at the Basement Systems, Inc. headquarters.

For more information about BQ Basement Systems or for a free basement waterproofing estimate in Pottstown, north Philadelphia, Norristown, Quakertown, Bensalem, PA, Trenton, NJ and surrounding areas, contact them by phone or online.
