

## **Affordable Steel Building Plans, Steel House plan drawing services**

*We provide detailed drawings to help you make informed steel building planning with sample photos, floor plans and price estimates for various steel buildings. Get FREE quotes same day!*

**Nov. 30, 2010** - [PRLog](#) -- Offering custom steel building plans and related engineering drawings at affordable prices!

OSD Design Consultants offers complete engineering services for unique residential steel framing and buildings as per client specifications. Our group of steel detailers provides detailed explanations to help you make informed steel building planning with sample photos, floor plans and price estimates for various steel buildings.

We provide accurate plans, details and drawings for building trusses, walls, stairs, handrails and other structures to help build quality steel frame homes. Unlike other Prefabricated houses that simply replace wood studs for steel studs steel frame homes can be engineered with door and window openings and complete installation in rapid turn-around time.

### **Major services include:**

- Plan drawings
- Plan specifications
- CAD drafting
- 3D Modeling
- Steel detailing
- Construction documents

Save 40-60% on your Steel building design costs by outsourcing plan drawing and steel detailing related requirements to us now! To inquire more about our services and view samples of our drawings contact us at <http://www.outsourcingsteeldetailing.com/contact.php>

We provide services for various buildings such as:

- Residential steel buildings
- Steel Framed Homes
- Custom houses
- Warehouses
- Garages
- Metal Church Buildings
- Industrial Steel Buildings
- Agricultural Buildings
- Commercial Steel Buildings
- Prefabricated Steel Buildings (PEBs)

When you decide to go for a steel frame home, the major cost involved is labor as compared to lumber and other Pre-fabricated homes. With proper plans and fabrication details each steel homes assembly can be easily fastened together to make the structure more durable and safer than wood framed structures.
