

## **HIT Consultant Releases GE Healthcare Radiology Podcast Series**

*HIT Consultant Founder Fred Pennic talks with GE Healthcare Senior Marketing Manager of Radiology Lawrence White about the Centricity Radiology Mobile Access Application.*

**Feb. 8, 2012** - [PRLog](#) -- HIT Consultant released its newest podcast series this week on [hitconsultant.net](#). HIT Consultant Founder Fred Pennic talks to GE Healthcare's Senior Marketing Manager of Radiology, Lawrence White, about their Centricity Radiology Mobile Access Application. This mobile access application was released late last year and recently received FDA 510(k) clearance.

“With the evolving emergence of mobile access in healthcare, GE Healthcare continues to be on the cutting-edge of medical imaging technology by providing a web-enabled PACS system with remote viewing capabilities for radiologists,” said Pennic. “Centricity Mobile Access provides a FDA-approved solution that allows healthcare professionals to safely secure access of medical imaging that will increase their efficiency, productivity and quality of care.”

The first podcast session is approximately 15 minutes long. Key highlights in this first session include an overview of Centricity Radiology Mobile Access, server side rendering, and security and mobile device management. The second part to the series is scheduled to be released later this month.

**About GE Healthcare:** GE Healthcare provides transformational medical technologies and services that are shaping a new age of patient care. Our broad expertise in medical imaging and information technologies, medical diagnostics, patient monitoring systems, drug discovery, biopharmaceutical manufacturing technologies, performance improvement and performance solutions services help our customers to deliver better care to more people around the world at a lower cost. In addition, we partner with healthcare leaders, striving to leverage the global policy change necessary to implement a successful shift to sustainable healthcare systems.

Our “healthymagination” vision for the future invites the world to join us on our journey as we continuously develop innovations focused on reducing costs, increasing access and improving quality around the world. Headquartered in the United Kingdom, GE Healthcare is a unit of General Electric Company . Worldwide, GE Healthcare employees are committed to serving healthcare professionals and their patients in more than 100 countries.
