

Johnson & Biscone Law Office sponsors "Breath & Beyond" After-Party! for Cystic Fibrosis Foundation

On Nov 14th the Cystic Fibrosis Foundation hosts "Breath & Beyond" event at the DC on Film Row Courtyard, Oklahoma City. This event is a heart-felt celebration of those who are making a difference in the lives of people who live with cystic fibrosis.

OKLAHOMA CITY - Nov. 1, 2014 - [PRLog](#) -- Cystic fibrosis (CF) is a life-threatening genetic disease that primarily affects the lungs and digestive system. An estimated 30,000 children and adults in the United States (70,000 worldwide) have CF.

In people with CF, a defective gene and its protein product cause the body to produce unusually thick sticky mucus that clogs the lungs and leads to life-threatening lung infections.

1,000 new cases of CF are diagnosed each year, more than 75% of people with CF are diagnosed by age 2.

"I became more aware of this disease from a close friend and neighbor after she shared her sisters' story," said Emily J. Biscone, attorney at Johnson & Biscone Law Office. "As a mother, I began to do more research on the disease and started sharing the information with everyone in the office. When we found out about the Breath & Beyond event, our team unanimously agreed to become a Gold sponsor."

For more information about Cystic Fibrosis contact the Cystic Fibrosis Foundation - Oklahoma chapter at (405) 787-0056 or www.cff.org.
