

PADT Honored with 2016 Most Admired Leaders Award from the Phoenix Business Journal

Award based on leadership, dedication, and impact on an organization and the Arizona community

TEMPE, Ariz. - Aug. 10, 2016 - [PRLog](#) -- In a special honor that recognizes leadership within its organization and the community, Phoenix Analysis and Design Technologies (PADT) announced today that the company is a recipient of *Phoenix Business Journal's* 2016 Most Admired Leaders award. Eric Miller, principal and co-founder of PADT will be on hand to accept the accolade on September 27, 2016, from 5:30 p.m. – 9:00 p.m. at the Montelucia Resort in Scottsdale, Arizona.

"Expanding from its headquarters in Tempe to offices throughout the Southwest, PADT is a great example of growth and success in Arizona's entrepreneurial community," said Jim Goulka, managing director of Arizona Technology Investors and CEO of Lone Mountain Associates, LLC. "The company's leadership is known for its high level of integrity and is richly deserving of this award."

PADT is the Southwest's largest provider of numerical simulation, product development and 3D Printing services and products, but the company's involvement in the communities in which it serves extends much further. In Arizona, PADT is an active angel investor and serves on the steering committee of Arizona Tech Investors (<http://arizonatechinvestors.com/>) as well as on numerous boards including BioAccel's Council of Advisors and the President's STEM Advisory Board of Grand Canyon University. Each year, PADT serves as a judge on the Arizona Commerce Authority's Innovation Challenge and acts as a mentor to entrepreneurs seeking to start, build and grow their businesses.

"PADT (<http://www.padtinc.com>) is proud to be a part of Arizona's community — an entire ecosystem of talented and innovative professionals," said Eric Miller, Principal of Phoenix Analysis Design Technologies. "We are honored to receive this award, and could not have achieved it without the talented, hard-working, and energetic group of employees we work with every day."
