CINCINNATI - Jan. 23, 2018 - [PRLog](#) -- Author David Pepper And St. Helena Press Announce Upcoming Release Of New Political Thriller – The Wingman

Author David Pepper and St. Helena Press are pleased to announce the upcoming release of the new political thriller, *The Wingman*. This is the second book in the Jack Sharpe book series. Book one, *The People's House*, was released by St. Helena Press in October of 2017.

In *The Wingman*, veteran Midwestern reporter Jack Sharpe has made it big thanks to the deep-rooted voter-fraud conspiracy he uncovered in *The People's House* (the first of the series). At his new perch at Republic, one of America's flashiest and fastest growing news networks, life is good—until it's not. Following his beat reporter's gut, he catches a whiff something rotten is taking place in the Democratic Presidential primary, and ultimately discovers an elaborate scheme to put a corrupt and dangerous politician in the nation's highest office by any means necessary. Dark money, drone technology, paramilitary government contractors, neglected veterans, kompromat—we see these issues in the news every day. But in *The Wingman* David Pepper shows that if shadowy entities with enough incentive and resources were to connect and exploit these issues, the American people would be largely powerless to stop them. Jack must risk his life and reputation to get to the bottom of the story before the disturbing plot he and his team have uncovered becomes reality.

Early Praise for *The Wingman*:

"A labyrinthine political thriller that details a plot to steal the American presidency. ...Energetically paced...A cinematic and dramatic story full of delightful twists." —Kirkus Reviews

"Another tour de force...Like *The People's House*, I loved this book. Pepper is a phenomenal writer, with great dialogue, intricate plot, subplots, and characters. And with his unique perch, Pepper deftly wraps the real issues and frustrations of modern-day politics into captivating story lines. I can hardly wait for the next one." —Jennifer Granholm, former Governor, Michigan

"Pepper does it again! Believable and entertaining—just like the real news these days. What's fake and what's real?" —Jack Markell, former Governor, Delaware

"*The Wingman* by David Pepper takes readers on a rollicking ride...There are the kinds of surprises readers long for and characters they will remember long after the last page is turned.

Well-researched and beautifully crafted, *The Wingman* is a thrilling read, a story that brilliantly depicts the political atmosphere leading up to the primaries....The characters are superbly conceived and developed to appear like people in real life....David Pepper is a master storyteller...."

The Wingman by David Pepper is an exceptional political thriller...The book is well-written, interesting and, above all, suspenseful, and is therefore recommended to any reader, not just fans of political thrillers."
