

A sweet, Spring romance about trust and ultimately love

CHARLOTTE, N.C. - March 15, 2018 - [PRLog](#) -- Had enough of the cold? Gear up for Spring with this new novel by Author Tina Martin, **His By Spring**.

Zoya Champion has a hunch that she's met the man she's supposed to be with, but trust issues get in the way of her actually giving the relationship a chance. **Tennyson Tillman**, a lawyer, is a gentleman about it but he makes it clear to Zoya that *she* is the woman he wants. More like the woman she needs. Can he lock this relationship down before Spring?

A story of unexpected love that blossoms at the right time...

When Zoya Champion takes a few weeks off work to help her pregnant sister-in-law prepare for the baby's arrival, she never expects that life would throw her a surprise in the form of a tall, ultra-sexy man, Tennyson Tillman, a lawyer for The Champion Corporation. Her attraction to him comes as a shock since she usually doesn't give men the time of day. But there's something about 'this' man that resonates with her. Tennyson, however, is so intent on presenting himself as *perfect*, she has a difficult time finding out what that something is.

Tennyson is working on a case for a recent acquisition by The Champion Corporation, but a force completely out of his control diverts his focus to Zoya – a woman who's caught more than just his eyes. She's borderline capturing his heart. How can that be when they hardly know each other?

But that's the thing about love: it just happens, and when one soul drifts towards the other – towards its mate – the unusual becomes possible. Distance is no longer an obstacle. Problems work themselves out and the ordinary becomes extraordinary. Love fills everything else in between.
