

Leading TEFL Job Service China Link ESL Recruiting Teachers To Teach English In China's At Record Pace

China Link ESL is growing rapidly in 2018 and recruiting more teachers from the UK and the United States to teach English in China than ever.

BARNET, U.K. - June 11, 2018 - [PRLog](#) -- China Link, ESL led by Brian and Anita Acton have mastered the process of recruiting and transitioning teachers from abroad to teach in China as smoothly and fluidly as possible. The agency is a leader among TEFL (Teaching English as a Foreign Language) job services due to their hands-on approach to recruiting, hiring and transitioning.

They released the statement, "We address the most important questions first. There are a few misconceptions that have a lot of people saying 'I can't go and teach in China because...', which sadly puts a stop to their life-changing adventure."

They went on to say, "Inevitably there will be questions about a new job, a new destination and a new lifestyle. We thought it would be important then, to put together a blog especially centered around FAQ's relating to teaching in China."

The company has fifty (50) public reviews averaging five (5) stars. One teacher left a recent review saying, "So I've been living in a city called Fuzhou for just over 19 months now, and would like to tell people how amazing it has really been! So back when I was still in England and looking for that perfect job in China, Brian and Anita had been recommended to me. So after chatting to them for a while I decided that I would just book a ticket and come to China! Best decision I have made."

China Link ESL has made a major push in 2018 with a new website and expansion of it's social media presence to other popular platforms such as Instagram. Their service is always **100% free** for job seekers.
