

## **Terry Sacka Retraces The History of Money and American's Future Wealth**

*Terry Sacka, AAMS host of the Wealth Transfer show discusses the history of the United States dollar but more importantly where it's going with Dr. Charles Vance.*

**WEST PALM BEACH, Fla. - Nov. 30, 2018 - [PRLog](#)** -- On a recent episode of the Wealth Transfer, Terry Sacka AAMS, founder of Cornerstone Asset Metals discussed the topic of the history and future of money that covers such a vast wealth of knowledge that the topic was spread among five episodes.

In the first episode, Mr. Sacka and Dr. Charles Vance introduced the topic by pointing out the huge economic changes in recent US history involving money, notably several national banks in the United States of America having recently collapsed.

His full comments can be seen in the video below:

Mr. Sacka made the statement, "The dollar has evolved in the history of the United States and today is under the currency standard of a Federal Reserve Note, no longer pegged to gold under the [Gold Standard](#) of the past."

He went on to say, "Some are saying there may be a global reset that evolves the dollar into its next currency standard. With 150 trillion in new debt, 15 trillion in new printed currency, the IMF is working on something global. Something is coming and all world currencies may be pegged to a new one world global currency."
