

1X Technologies Coronavirus Update - March 24th

Update on the Evolving Coronavirus Situation from 1X Technologies Cable Company

SHERIDAN, Wyo. - March 24, 2020 - [PRLog](#) -- Dear Valued 1X Technologies LLC Customer,

In our initial Coronavirus statement on March 6th, nearly 3 weeks ago, we gave you an update on how our company taking immediate action.

We were the first wire & cable company to make such a statement, leading early because we knew how fast this virus could progress.

As the Coronavirus pandemic has grown from the tens to the hundreds to the thousands, to the tens of thousands here in the United States, we know many of you are looking for an update to how our team at 1X Technologies is doing. This new coronavirus update is essential to let you know we are all adapting to new ways of getting work done. We are here to serve you during this health crisis. We want you to know that you can count on 1X Technologies to supply your wire & cable, even more so, when there is an emergency like we face together right now.

Specifically, because 1X Technologies Cable Company produces, supplies, and transports electrical wire & cable we are what is termed by the United States Department of Homeland Security as Essential Critical Infrastructure. This means we continue operations during any shelter-in-place orders. Currently, we are serving customers in multiple states with Shelter-in-Place / stay-at-home orders.

This is in addition to being part of the Energy infrastructure, Communications Infrastructure, as well as being a preferred supplier to the United States Defense Industrial Base means you can count on 1X Technologies to be open for business during the Coronavirus Pandemic and any other emergency situation that we should face in the future. You can count on us to supply your electrical and electronic wire & cable in the face of adversity.

We want you to know that we are taking all the necessary precautions to keep our operation running successfully and keep everyone healthy. These steps include limiting all non-essential travel, additional sanitization in the workplace, additional health screening for our team and continuing to practice the evolving CDC guidelines such as social distancing.

We will continue to provide you with updates as the situation with Covid-19 evolves.

We thank you for your continued partnership and for your patience in the challenging time.
