**AUSTIN, Texas - Sept. 20, 2020 - [PRLog](#)** -- TruthPoint Videos announced its website launch here at PRLog in April, 2020. Since that time, TruthPoint videos daily live-stream content focused on important issues impacting the daily lives of all. TruthPoint began streaming with the Leviticus Protocol-Hope During COVID19; its most recent message series is Restoring the Assembly - Beyond the Book of Acts. Viewer feedback includes comments such as, "Wow! This is prophetically happening now!" and "This is an awesome presentation and is definitely inspirational!" One feature popular with viewers is the ability to submit personal prayer requests and praise reports, both of which can be submitted via a convenient form directly at the TruthPoint website and included within the live-streams from time to time.

Brighteon, founded in 2018, is an online video and social sharing platform. Brighteon's stated purpose is to provide space for content providers to share free-speech protected commentaries and/or opinions.

Brighteon has recently added TruthPoint videos to its lineup. Viewers can find the Brighteon TruthPoint channel, with new content posted weekly, by visiting: <https://www.brighteon.com/channels/truthpoint>.

Recently, Brighteon also launched its own, free-speech focused social platform. TruthPoint is also available on the new Brighteon social platform and can be found at <https://brighteon.social/@TruthPoint>

TruthPoint videos remain available at other popular outlets including Spotify, Twitch, the YouTube TruthPoint channel, Twitter, Periscope, and Facebook, as well as on the TruthPoint Video website.
