

RightWave, Inc. awarded ISO 9001:2015 and ISO/IEC 27001:2013 Certifications

World's most recognized Quality Management Systems (QMS) and Information Security Management Systems (ISMS) certifications earned by the firm specializing in on-demand services associated with B2B Marketing operations

SAN JOSE, Calif. - Aug. 5, 2021 - [PRLog](#) -- For RightWave, Inc., a B2B Marketing Operations On-Demand Services and CRM solutions provider announced today that it has earned prestigious ISO 9001:2015 & ISO/IEC 27001:2013 certifications for its Quality Management System (QMS) and Information Security Management System (ISMS).

These certifications are granted to organizations that have established comprehensive QMS and ISMS and successfully passed external audits of those systems. ISO 9000 was first published in 1987 by the International Organization for Standardization (ISO). It helps ensure organizations meet customer and other stakeholder needs for reliability, consistency, and statutory or regulatory compliance related to a product or service. RightWave has been certified in ISO 9001:2015, the latest version of the standard published in 2015.

ISO/IEC 27001:2013 was jointly developed by the International Organization for Standardization (ISO) and the International Electrotechnical Commission (IEC) and focuses on information security. It details requirements for establishing, implementing, maintaining, and continually improving an information security management system (ISMS), a system involving both electronic and physical controls related to safeguarding and protecting data, information, and software.

RightWave CEO Anurag Khemka stated today that "I am obviously proud of these awards, but I couldn't be prouder of my team for this achievement. The certifications provide external confirmation of the high standards of quality and information security that RightWave has always pursued. Our customers expect and deserve the highest quality of consistent and dependable services along with rigorous safeguards of their information. ISO 9001 and ISO 27001 certifications attest to our demonstrated and ongoing commitment to reliability, quality, and information security."

"The dual certifications are a result of extensive company-wide systems and process audits involving all stakeholders. Our team demonstrated their high level of commitment for excellence in everything we do." Anurag added. The audit certified RightWave's US headquarters in San Jose, California, as well as its offices in Noida and Dehradun, India.

BQC Assessment Pvt. Ltd. that certified RightWave, Inc. with ISO 9001:2015 & ISO/IEC 27001:2013 is an accredited organization of international repute that aligns itself with the best in the ISO industry. BQC is accredited with IAS - International Accreditation Service, California, USA. that ensures that BQC meets the rigorous standards for these audits and certifications. Certifications issued by BQC are globally recognized and accepted in more than 160 countries. IAS is an active & full-time member of IAF & signatory to ILAC, PAC, APLAC & MLA-MRA.
