

## **Introducing the State-of-the-Art National Security Operations Center: Enhancing Safety and Vigilance Nationwide**

**BOCA RATON, Fla. - Sept. 26, 2023 - [PRLog](#)** -- Boca Raton, FL- Platinum Group Security, a leading provider of cutting-edge security solutions, is proud to announce the establishment of its state-of-the-art National Security Operations Center (NSOC). This significant milestone reflects Platinum Group Security's unwavering commitment to safeguarding our client's critical assets and ensuring the highest level of security.

The NSOC, strategically located in Atlanta, GA is set to become the nerve center of Platinum Group Security's comprehensive security infrastructure. Equipped with the latest technology, a highly trained team of elite technicians, and a dedication to 24/7 vigilance, the NSOC will play a pivotal role in strengthening our client's posture.

Key Features of Platinum Group Security's National Security Operations Center:

- 1. Cutting-Edge Technology:** The NSOC is equipped with the most advanced security tools, threat intelligence systems, and real-time monitoring capabilities, ensuring immediate threat detection and rapid response.
- 2. Elite Technician Security Team:** Our team of security professionals comprises some of the industry's brightest minds, who bring years of experience and a deep understanding of evolving security threats.
- 3. Continuous Monitoring:** The NSOC operates around the clock, 365 days a year, to provide constant surveillance and threat assessment, ensuring timely identification and mitigation of security risks.
- 4. Incident Response:** In the event of a security incident, Platinum Group Security's NSOC is prepared to initiate a rapid and efficient incident response plan to minimize damage and downtime.

**5. Customized Solutions:** Platinum Group Security understands that every organization has unique security needs. Our NSOC offers tailored security solutions that align with each client's specific requirements.

**6. Compliance and Regulations:** We adhere to the highest industry standards and regulatory compliance, ensuring that our clients remain in full compliance with data protection and security regulations.

**7. Proactive Threat Hunting:** The NSOC employs proactive threat hunting techniques to identify potential vulnerabilities and threats before they can be exploited, ensuring proactive defense.

Platinum Group Security's COO, Rosanne "Roe" Manghisi – Chief Operating Officer commented on the NSOC's launch, saying, "The establishment of our National Security Operations Center marks a significant milestone in our mission to provide unparalleled security solutions. We understand that security threats are constantly evolving, and our NSOC is a testament to our dedication to staying ahead of these threats to protect our nation's critical assets."
