

IntellaTriage Nabs Spot on the Inc. 5000 Fastest-Growing Companies List for the Second Consecutive Year

IntellaTriage, the nation's leading provider of after-hours nurse-first triage solutions, once again lands a spot on the list of fastest-growing companies in the U.S.

BRENTWOOD, Tenn. - Aug. 13, 2024 - [PRLog](#) -- IntellaTriage, the nation's leading provider of after-hours nurse triage for hospice and home health providers, proudly announces its second consecutive placement on the Inc. 5000 Fastest-Growing Companies List. This prestigious ranking offers a data-driven look at the most successful, independent, entrepreneurial businesses within the economy's most dynamic segment. IntellaTriage ranked in the top 50% of the list and top 50 fastest growing companies in the state of Tennessee.

The Inc. 5000 Fastest-Growing List annually highlights companies from various industries that have shown significant growth over the past three years. A contributing factor in IntellaTriage reaching this milestone is last year's partnership with one of the nation's largest hospice and home health providers, in addition to new mid-sized and small provider partnerships. Aided by this growth and an investment of capital, in 2024, IntellaTriage acquired its direct competitor, NurseLine, and went live with a secure integration between Homecare Homebase and IntellaTriage's triage platform, IntellaHub. The integration with Homecare Homebase marks a major milestone for IntellaHub on the path to ensuring a completely seamless experience between daytime and after-hours care for patients and their families and continued growth for the triage company.

Daniel Reese, CEO, weighed in on this achievement: "I am incredibly proud of our team and our dedicated nurses for achieving this remarkable milestone. Securing a spot on the Inc. 5000 Fastest-Growing Companies List for the second consecutive year is a testament to their hard work, commitment, and passion for providing exceptional care. Our continued growth and the successful integration with Homecare Homebase are significant steps forward in our mission to support more nurses, providers, and patients. We look forward to further expanding our impact and improving the lives of nurses and patients through our

innovative triage solutions."

Founded in 2008, IntellaTriage delivers triage care 365 days a year to providers and their patients nationwide. With the largest network of remote licensed nurses in the post-acute care segment, IntellaTriage provides best-in-class care when patients need it and alleviates the burden on frontline clinicians – significantly reducing nurse burnout and turnover for their customers. As the nursing shortage intensifies, supporting and shielding nurses from additional burdens such as on-call duties has become a leading strategy for providers.

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years.

About IntellaTriage

Founded in 2008, IntellaTriage is the nation's leading provider of after-hours nurse triage for hospice and home health providers, hospitals, physician groups, health plans, and specialty practices. Through customized protocols and cloud-based technology, IntellaTriage provides access to licensed, registered nurses 24 hours a day, seven days a week. As an integrated partner, IntellaTriage improves the patient experience while reducing nurse burnout and providing quality after-hours care. Learn more at intellatriage.com.

About Inc.

Inc. Business Media is the leading multimedia brand for entrepreneurs. Through its journalism, *Inc.* aims to inform, educate, and elevate the profile of our community: the risk-takers, the innovators, and the ultra-driven go-getters who are creating our future. *Inc.*'s award-winning work achieves a monthly brand footprint of more than 40 million across a variety of channels, including events, print, digital, video, podcasts, newsletters, and social media. Its proprietary Inc. 5000 list, produced every year since its launch as the Inc. 100 in 1982, analyzes company data to rank the fastest-growing privately held businesses in the United States. The recognition that comes with inclusion on this and other prestigious *Inc.* lists, such as Female Founders and Power Partners, gives the founders of top businesses the opportunity to engage with an exclusive community of their peers, and credibility that helps them drive sales and recruit talent.
