

## **Dakshidin Corporation (DKSC) Issues Statement Regarding Unauthorized Shareholder Communications**

**SCOTTSDALE, Ariz. - March 2, 2026 - [PRLog](#)** -- Dakshidin Corporation ("DKSC") today issued a formal statement in response to a recent communication distributed to shareholders by an individual identifying himself as "Director" Martin Fraser. The company believes it is necessary to clarify the status of corporate authority and to ensure shareholders receive accurate, verifiable information.

In his message, Mr. Fraser asserted that he and his associates are the legitimate directors of Dakshidin Corporation and instructed shareholders to disregard all other sources of information as "fake or incorrect." These statements are inconsistent with the documented corporate record and with information previously provided to regulators regarding the unauthorized assumption of control over DKSC.

The individuals currently claiming authority—specifically Mr. Fraser and Mr. Doug Scott—have not produced any corporate documentation supporting their asserted positions which the legitimate management, and majority shareholder in DKSC have shown are not valid. In contrast, the information provided to shareholders through the dksc.info ( <https://d.docs.live.net/3cad50efd4e5bb86/Documents/Dakshi...>) site consists exclusively of verifiable materials, including:

- Corporate filings
- Correspondence with the transfer agent
- Communications with regulatory bodies
- Evidence of unauthorized actions taken by the individuals now claiming control
- Documentation of the company's delisting and subsequent failures in required reporting

All materials have been preserved and are available for review by shareholders and regulators.

The individuals asserting control have also:

- Failed to maintain required corporate filings
- Failed to respond to regulatory inquiries
- Allowed the company to fall out of compliance
- Continued to act without transparency or lawful authority

Dakshidin Corporation believes shareholders deserve accurate, evidence-based information, not unsupported assertions. The company will continue to provide verifiable documentation and will cooperate fully with regulatory authorities reviewing the matter.

"Our only objective is to ensure that shareholders receive truthful, documented information and that corporate governance is restored in accordance with Nevada law," said Christopher Haigh, President of Dakshidin Corporation.

For additional information and access to supporting documents, shareholders may visit <https://dksc.info>.

About Dakshidin Corporation (DKSC)

Dakshidin Corporation is a Nevada-registered entity currently engaged in resolving issues related to unauthorized control and corporate governance. The company is committed to transparency, regulatory compliance, and the protection of shareholder interests.
